## Phlebotomy course

This programme provides participants with the skill and theory to perform phlebotomy in a competent and safe manner. It will cover topics such as sites used for phlebotomy, criteria for evaluating a vein, principles of an aseptic technique as well as complications that may arise during and after the procedure. Guidance will be given on how to reassure the individual in relation to the procedure and on gaining their consent.

While this course will provide the necessary knowledge and skills to undertake phlebotomy, it will be necessary for each nurse and midwife attending to ensure that they abide by their local policy on phlebotomy in their place of work and hold an up to date Hand Hygiene Training certificate (within the last 2 years).

**Dates:** Tuesday, 12 May 2026  
Wednesday, 15 July 2026  
Friday, 4 September 2026

**Time:** 9.30am - 2pm  
**Venue:** The Richmond Education and Event Centre, Dublin D07 TH76  
**Fees:** €110 members; €185 non members

## Peripheral Intravenous Cannulation course

This programme provides guidance to participants in the skill of peripheral intravenous cannulation. Instruction will be provided on the sites used for peripheral intravenous cannulation, identifying criteria for evaluating a vein and the principles of an aseptic technique. The aim is for participants to be able to carry out the procedure in a competent and safe manner. While this course will provide the necessary knowledge and skills to undertake peripheral intravenous cannulation, it will be necessary for each nurse and midwife attending to ensure that they abide by their local policy on peripheral intravenous cannulation in their place of work.

**Dates:** Tuesday, 16 June 2026  
Thursday, 8 October 2026

**Time:** 9.30am - 2pm  
**Venue:** The Richmond Education and Event Centre, Dublin D07 TH76  
**Fees:** €110 members; €185 non members

## Basic life support for nurses & midwives

This course equips nurses and midwives with essential CPR and life-saving skills for both in-hospital and out-of-hospital settings. The course covers high-quality CPR techniques, AED use, rescue breathing, and more, ensuring you're prepared for critical medical emergencies.

**Date:** Wednesday, 13 May 2026

**Time:** 9.30am - 1.30pm  
**Venue:** The Richmond Education and Event Centre, Dublin D07 TH76  
**Fees:** €150 members; €225 non members
