

Covid-19 Staff Nurses Required in Donegal, Mayo and Newcastle West (Limerick) for 3 months contract

Cheshire Ireland seek Nurses in response to the Covid-19 crisis.

Would you like to work with an excellent team of friendly professionals?

Are you a registered nurse or currently completing the registration?

Are you able to work flexible hours?

If yes is the answer to the above questions, apply for the staff Nurse role with Cheshire Ireland via 'Apply for position now' button

What we do:

We provide quality services to adults with physical, sensory and neurological disabilities at a medium and high level of need.

How we work:

The Cheshire Services are based on clear principles of supporting people "one person at a time". As a Cheshire Staff Nurse you will be committed to the provision of quality services and to the concept of working in partnership with clients who live in the service.

What you will do:

The successful candidates will act as a clinical support resource carrying out clinical interventions where required and ensuring compliance with evidence-based practice in areas such as infection control, medication management and risk management. Candidates will also coordinate and liaise with the multi-disciplinary team and will provide clinical supervision and guidance to the frontline care support team in order to meet the needs of clients and maintain high standards of care.

Why work with us:

- **€14.86-€21.52 per hour (depending on exp)**
- **Employee Assistance Programme**
- **Training provided where necessary**
- **Twilight/Night and Weekend Premiums**

Please apply by clicking the following link: <https://my.hirehive.io/cheshire-ireland/jobs/63129/covid19-nurse-part-time-nationwide>

**Cheshire Ireland is an equal opportunities employer
All successful candidates will be subject to vetting by the Garda Vetting Unit.**
